Aftercare Instructions

Do not get the lashes wet for the first 24 hours.

Do not use oil-based eye products, creams or mascara.

Use only water-based makeup and makeup remover.

Remove makeup around the eye with a cotton swab.

Do not perm, tint or use any eyelash curler.

Be careful to avoid pulling out the extensions and don't rub your eyes.

Please see a trained lash technician to have your extensions removed.

To extend the life of your lashes, please schedule refills every 2-3 weeks.
